

International Conference on Computer and Communication Engineering

CCCE 2023

<http://ccce.net/>

5th Generation Networks (5G)

- Resource Allocation
- Network Slicing
- Topology Management
- 5G Core Network and Service Based Architecture
- C-RAN and backhaul
- Network Stability, Control and Optimization
- Wireless transmission and networking technology
- Intelligent communication and security

Artificial Intelligence (AI)

- AI Technologies
- Machine and Deep Learning of Knowledge
- Bio-inspired Computing in Communications
- Data Science and Data Engineering
- Distributed Knowledge and Processing
- Computing applications
- Big Data, Data Mining and Database Applications
- Computer vision
- Fuzzy Theory and System

Computer network and mobile communication

- Cognitive Radio Networking
- Wireless, Cellular, and Mobile Communications
- Signal Processing for Communications
- Advances in Internet Protocols
- Real Time Communication Services
- Network Design, Optimization and Management
- Fault-Tolerance and Error Recovery
- Digital Satellite Communications Service
- Communications Services and Management
- Sensor Networks

STOCKHOLM, SWEDEN
March 10-12, 2023

Submission Deadline:
November 05, 2022

Publication & Indexing

All submissions will be peer reviewed, and the accepted papers will be published into Conference Proceedings, which will be submitted for **Ei Compendex** and **Scopus**.

Submission Guide
